SUMMARY

Innovative Software Developer with 2 years of experience in crafting scalable web solutions and enhancing user engagement. Engineered a tourism platform that boosted site traffic and integrated Stripe payments to streamline transactions using secure APIs. Seeking a Web Developer role to drive cutting-edge web application development through advanced state management, caching strategies, and responsive design.

EXPERIENCE

SOFTWARE DEVELOPER | BlueBay IT Limited | Dhaka | October 2024 – Present

- Engineered a scalable tourism platform, enhancing user experience and increasing site traffic significantly through modern development practices and agile methodologies.
- Integrated Stripe payment system using secure, robust APIs to enable seamless financial transactions on web platforms.
- React Redux, API Slicing, Context API, and RTK Query to develop responsive user interfaces, streamline data fetching processes, and ensure seamless state management across applications.
- Implemented advanced caching strategies in Next.js, reducing page load times by **60%** and improving Lighthouse performance score from **72% to 80%**.
- Enhanced styling capabilities using Sass, enabling more modular and maintainable CSS architecture for complex web applications.
- Spearheaded the integration of server-side rendering techniques, boosting SEO visibility and ensuring smoother navigation experiences for users across BlueBay IT Limited's platforms.

Jr. Software Developer | MAS Dream Industries Ltd. | Dhaka | June 2023 – September 2024

- Website Development:** Designed and maintained the company website masdream.com using HTML, CSS, and Bootstrap, resulting in a 30% improvement in page load speed and enhanced mobile responsiveness across all major devices.
- Revamped website content using HTML and CSS, enabling real-time content updates and ensuring alignment with evolving company branding and marketing goals.
- Data Management:** Streamlined data organization by classifying and storing over 5,000 company records using Microsoft Excel, which reduced data retrieval time by 40% and improved reporting accuracy.

OFFICER IT | MAS Dream Industries Ltd. | Dhaka | June 2022 – May 2023

- Executed IT support strategies by diagnosing and resolving hardware/software problems, ensuring smooth system operations.
- Leveraged technical expertise to maintain and sustain systems, enhancing overall efficiency and stability.
- Coordinated and optimized daily IT operations tasks, ensuring timely completion and system reliability through scheduled monitoring and updates.

EDUCATION

B.Sc.: CSE | Bangladesh Army University of Science & Technology | Saidpur Cantonment, Bangladesh | 2019 | 3.45/4.00

CERTIFICATIONS

Full Stack Web Development with JavaScript | Ostad live skill development platform | 2025

- Covers the full stack, demonstrating proficiency in both client-side (React.js) and server-side (Node.js, Express.js) development — essential for end-to-end web application development.
- Focuses on in-demand technologies — MongoDB, Express, React, and Node.js — commonly used by modern tech companies, startups, and freelance developers.
- Emphasizes hands-on, project-based learning, showcasing the ability to build and deploy real-world applications including CRUD systems, RESTful APIs, and user authentication workflows.
